# Philharmonic Strings

EXS Expansion for Korg OASYS ©

OASYS is a trademark of Korg Inc. and Korg USA ADAT(TM)

Bei den Philharmonic Strings handelt es sich um absolutes Highend Material. Jedes Instrument wurde einzeln über eine digitale Konsole mikrofoniert, zum Einsatz kamen ausschließlich Schoeps © und Neumann © Mikrofone. Digital wurde auf DAT mit 44.1KHz gemastert, wobei das Sample Processing direkt im OASYS durchgeführt wurde. Mit einem 2GB OASYS kann die komplette Library unter Beibehaltung der internal Sounds geladen werden. Für eine gleichwertige Qualität benötigen andere Libraries bis zu fünf mal mehr Speicherkapazität.

Auch das neue Demo wurde inklusive der Percussion auf einem einigen Gerät abgespielt.

The Philharmonic Strings are high end material. Each instrument was individually microphone-recorded through a digital Console, exclusively using Schoeps © and Neumann © microphones. We digitally mastert on DAT 44.1KHz, while the Sample Processing was made directly through OASYS. Keeping the internal sounds, the entire Library can be loaded using a 2GB OASYS. For the same quality other libraries needs the fifth time more capacity.

The new demo was also played on one single device, including the percussion.
