Ein wesentlicher Bestandteil unserer Arbeit im Jahre 2009 war der Gestaltung der KSL, unserer KARO Symphonic Library, gewidmet. Wir alle haben uns viele Monate Zeit gelassen, diese umfassende Bibliothek symphonischer Klänge zu entwerfen und auszuarbeiten. Wir freuen uns ausgesprochen darüber, dass unsere Arbeit von unseren Kunden mit überschwänglich positiven Bewertungen gewürdigt wird. Diese hervorragende Aufnahme unserer Arbeit in der Öffentlichkeit hat uns dazu ermutigt, die KSL um eine weitere Bibliothek orchestraler Klänge zu erweitern. Dieses Mal sollten vor allem unisono spielbare Streicher und Bläser aber auch „Orchester Hits“ und Chöre zum Repertoire gehören.

Endlich ist es jetzt soweit. Wir präsentieren die KUO, unsere KARO Unison Orchestra Bibliothek. Wieder haben Kurt Ader und Oliver Rehn die Samplearbeit übernommen. Kurt Ader und Peter Jung haben 256 Programs und mehr als 70 Combis kreiert. Dieses Mal war es Mike Conway, der sich durch unsere Sounds inspirieren ließ und einige Sequenzen aufnahm. Wir würden uns freuen, wenn die KUO in der Öffentlichkeit ebenso positiv wie unsere KSL aufgenommen würde. Jetzt schon wünschen wir all unserer KUO-Kunden viel Spaß beim Spielen.

A substantial component of our work in the year 2009 was dedicated to the creation of the KSL, our KARO Symphonic Library. We all at KARO spent many months to sketch and program this comprehensive library of symphonic sounds. We are more than flattered about the fact that our work has been appreciated by our customers with overwhelmingly positive evaluations. This outstanding admission of our work in the public encouraged us to complement the KSL with a further library of orchestral sounds. This time above all unison strings and brass sounds have been an important asset, accompanied with orchestral hit sounds and choir sounds.

Now, we are proud to present the KUO, our KARO Unison Orchestra library. Again Kurt Ader and Oliver Rehn took care of the sampling efforts. Kurt Ader and Peter Jung created 256 Programs and more than 70 Combinations.

This time it was Mike Conway, who let him be inspired by our sounds and he created some sequences presenting some programs we made. We would be pleased, if the KUO library were taken up in the public just as positively as our KSL. Already now, we wish all our KUO customers much fun when playing.
